**A G E N D A**

1. Introduction of Attendees and any New Participants
2. **James Bowden, Nicholson Capital Value Stream  
Manager – Nicholson Manufacturing Ltd.**

James brings 15 years of Engineering background, which  
has been mainly in manufacturing for the forestry industry,  
from mobile equipment to mill equipment. The topic of his  
talk will be:

**“A Changing world of manufacturing and the Timber  
Industry as a whole”**

He will review the changes that Nicholson has gone through  
in the 68 years of manufacturing Timber related equipment.  
He will also talk about the more recent changes with the  
acquisition of Madill and the lean journey of Nicholson in  
regards to Value Streams and what that means for the future  
of the company and the people working there.

James will talk about the business and changes to the  
manufacturing practices and incorporation of a new product  
line in 2011. From there the discussions will be surrounding  
the Kaizen Culture being created in the company. We will  
also discuss how breaking up into Value Streams has  
helped us become more competitive and how creating a new  
culture in regards to Kaizen has helped us in our journey.

3. Notice of upcoming meetings and/or topics of interest
4. Any Other Business
